Wheatgrass tray sold separately

Nutrifaster® G160

Commercial Juice Extractor

Engineered for heavy-duty commercial use. It is ideal for Juice Bars, Health Clubs, Spas, Restaurants, and Institutions—any place fresh juice is in demand.

The motor and parts are engineered for years of reliable, high volume juicing.

UL approved motor housing makes for a professional, commercial look that will attract customers to wheatgrass juice.

Each part designed specifically for ease of operator use and for maximum juice yield.

Maximize profits by serving fresh wheatgrass juice from your Nutrifaster G160.
